EURES NO. 5-0818-837

NEW OPPORTUNITIES FOR NEUROLOGY SPECIALISTS IN ENGLAND

GlobalMediRec has 2 excellent new Consultant Neurologist job opportunities available at the moment

This is an exciting opportunity to participate in and to further develop the Neurology Service providing for the local population. This is a replacement post in a Neurology Department which needs to change rapidly to meet the growing demand for a service and to meet the need of the existing patients in the County.

The Neurology Department, together with Neurophysiology currently has 2.8 Whole Time Equivalent (WTE) Consultants providing an outpatient and ward referral service to the Trust on the three main hospital sites.

There is further support provided on a weekly basis by visiting Consultants from two Tertiary Centres.. The department also has a Clinical Nurse Specialist for Multiple Sclerosis providing follow up care and support in the community for MS patients. There is a Consultant working in the Department of Medicine, providing a service for patients with Parkinson's Disease.

This attractive cathedral city is surrounded by beautiful countryside and offers good quality property at competitive prices and excellent state and grammar schools. The city has a new university and is approximately 30 minutes from the main East Coast rail line.

The hospital is in the East Midlands, which is an excellent location for doctors wishing to return home at weekends as there are direct, low-cost flights to all Italian airports.

This is a Full-Time Permanent post with 9 month or 1 year initial contracts. The salary for these posts is £74000 - £101000 per year and the hours are 37½ hours per week. Plus On-Calls paid extra

Candidates must have:

- Very good English skills
- European Nationality
- At least 3 years experience in Neurology at Specialist level

We organize initial telephone interviews and prepare you fully for the interview

We will help you with registration with the General Medical Council (GMC), the interviews and all the logistics of moving to the UK.

Candidates pay NO FEES to GlobalMediRec.

If you are interested in starting a new career in England please send me your CV as soon as possible: emmakeeler@globalmedirec.com
